Trims & Trim Corners

Professional Tiling Accessories To Complete The Job.

For merchants looking to extend their product range into tiling supplies, STS has an extensive range of accessories including tile trims in a variety of materials, designs and finishes, plus retail POS to display these products. STS can also supply movement joints, spacers, tapes, cleaners and sealers - everything so you can stock the key products professionals expect to find in a specialist retailer.

“

Since having STS products in our branch we have seen a spike in tile product sales. The quality and price are non comparable against other brands. My trade team love the **NoMorePly** sheets and tile trims we have started stocking. They are also impressed with the quality of the tools and drill bits. Overall I give STS 5 STAR for their service, price and quality of products.
